## **Prayer For Ceremony**

*(Jayananda)*

The earth is the sanctuary we come to rest,  
Come to learn, to work, and receive these teachings of  
All the masters who have come before us.

As students of the sacred way,  
We gather together in a prayer for humanity.  
For the great existence and the great non-existence.

The music we sing serves not as entertainment,  
But offers a key to unlock the doors of the heart.  
The words and poems echoed from the heart of love  
Is the language of the universe.

Our religion abides in the wisdom of the inner temples we discover,  
as sojourners and pilgrims  
On the path of Love.

May we be uplifted with feathers to soar about the wings  
Of our ancestors and the ancients  
Who have paved this way for us to be here.

May we receive the blessings due to the soul  
Who has the courage and discipline to dance on this road.

Come be with us Great One,  
We call in the Force.

Come Sing into our Spirit your endless song  
Of the beauty of the stars  
And the wonder of the Great Mystery

That is here with us Now.

## **Prayer Of Sound**

(Hazur Baba Sawan Singh Ji Maharaj)

As the Sound is major source of manifestation, it is a mystery in the same time; and who has the knowledge of the sound knows the secret of the Universe.

My music is my thoughts and my thoughts are my feelings. The more I immerse into the ocean of my feelings, the more beautiful are the pearls that I carry within me as tone and melody.

My music is my religion and thus the success of the world can never be a just price for it: my only aim is to reach perfection.

The music that I carry within me does not serve for entertainment but is a call for harmony, which unifies our souls with God.

## Prayer of Saint Francis of Assisi

Lord, make me an instrument of thy peace.  
Where there is hatred, let me sow love;  
Where there is injury, pardon;  
Where there is doubt, faith;  
Where there is despair, hope;  
Where there is darkness, light;  
Where there is sadness, joy.  
O divine Master, grant that I may not so much seek  
To be consoled as to console,  
To be understood as to understand,  
To be loved as to love;  
For it is in giving that we receive;  
It is in pardoning that we are pardoned;  
It is in dying to self that we are born to eternal life.

*Attributed to Francis Bernadone, perhaps the most universally loved of Christian saints, who was born in Assisi, Italy, in 1181.. At the age of twenty-two, after a sudden illness that brought him almost to the point of death, he left home and inheritance to follow an injunction that he felt he received from Christ himself: "Francis, go and rebuild my Church."*

*Three great Franciscan orders grew around the monks, nuns, and lay disciples who responded to his joyful example of universal love and selfless service.*

## The Path (Mahatma Ghandi)

I know the path: it is strait and narrow.  
It is like the edge of a sword.  
I rejoice to walk on it. I weep when I slip.  
God's word is: "He who strives never perishes."  
I have implicit faith in that promise.  
Though, therefore, from my weakness  
I fail a thousand times,  
I shall not lose faith.

*Mohandas K. Gandhi – universally known as Mahatma Gandhi; the title means “great soul” – was born in British India in 1869 and died in January 1948, after having led his country to freedom through a nonviolent struggle based on love and selfless service. This passage is from a collection of his writings entitled My Religion (Ahmedabad, India: Navajivan, 1955).*

## **Aho Mitakuye Oyasin**

To the Creator, for the ultimate gift of life, I thank you.  
To the mineral nation that has built and maintained my bones and all foundations of life experience, I thank you.  
To the plant nation that sustains my organs and body and gives me healing herbs for sickness, I thank you.  
To the animal nation that offers loyal companionship in this walk of life, I thank you.  
To the human nation that shares my path as a soul upon the sacred wheel of Earthly life, I thank you.  
To the Spirit nation that guides me invisibly through the ups and downs of life and for carrying the torch of light through the Ages. I thank you.  
To the Four Winds of Change and Growth, I thank you.  
You are all my relations, my relatives, without whom I would not live.  
We are in the circle of life together, co-existing, co-dependent, co-creating our destiny.  
One, not more important than the other.  
One nation evolving from the other and yet each dependent upon the one above and the one below.  
All of us a part of the Great Mystery.  
Thank you for this Life.

*Aho Mitakuye Oyasin is a simple yet profound statement. It comes from the Lakota Nation and means 'all my relations'. It is spoken during prayer and ceremony to invite and acknowledge all relatives to the moment and know that all is related.*

*AHO!*

## **Serenity Prayer (1<sup>st</sup> part)**

God, grant me the serenity to accept the things I cannot change,  
The courage to change the things I can,  
And wisdom to know the difference.

## **Earth Healing**

To the four powers of Creation,  
To the Grandfather Sun, to the Grandmother Moon,  
To the Mother Earth and to my ancestors.  
I pray for my relations in Nature,  
All those who walk, crawl, fly, and swim, seen and unseen,  
To the good spirits that exist in every part of Creation.  
I ask that you bless our elders, children, families and friends,  
I pray for the ones who are sick and in self-abuse  
And for those homeless and forlorn.  
I also pray for peace among the four races of humankind.  
May there be good health and healing for this Earth,  
May there be Beauty above me, may there be Beauty below me,  
May there be Beauty in me, may there be Beauty around me.  
I ask that this world be filled with Peace, Love and Beauty.

### **Mayan Prayer**

May the Heart of the Earth flow to the Heart of the Heavens  
through my Heart and May our Hearts together be the Heart of all  
Sentient Beings. May the Heart of Father Sky flow to the Heart of  
Mother Earth through my Heart and may our Hearts together be the  
Heart of all Earth Kind.

### **A Sioux Indian Prayer**

My Grandfather is the Fire, My Grandmother is the Wind  
The Earth is my Mother, The Great Spirit is my Father  
The World stopped at my birth and laid itself at my feet.  
And I shall swallow the Earth whole when I die,  
And the Earth and I will be one.  
Hail The Great Spirit, my Father, without him no one could exist  
because there would be no will to live.  
Hail The Earth, my Mother, without which no food could be grown  
and so cause the will to live to starve.  
Hail the wind, my Grandmother, for she brings loving, life-giving rain  
nourishing us as she nourishes our crops.  
Hail the fire, my Grandfather, for the light, the warmth,  
the comfort he brings without which we be animals, not men.  
Hail my parent and grandparents without which, not I,  
nor you, nor anyone else could have existed.  
Life gives life, which gives unto itself a promise of new life.  
Hail the Great Spirit, The Earth, the Wind, the Fire.  
Praise my parents loudly for they are your parents, too.  
Oh, Great Spirit, giver of my life please accept this humble offering of  
prayer, this offering of praise, this Honest Reverence of my love for  
you!

### **Prayer of Charity**

God, our Father who is all Power and Goodness,  
give strength to those who are going through their trials.

Give light to those who are seeking truth.

Put compassion and charity in the hearts of all people.

God, give the traveler the guiding star; the afflicted consolation;  
the sick rest. Father, give the guilty repentance; the spirit truth;  
the child a guide; the orphan a father. Lord, may Your goodness extend  
over all that You created. Mercy, Lord, on those who don't know You;  
Hope for those who suffer. May Your goodness allow the consoling  
spirits to spread everywhere peace, hope and faith. God, a ray, a spark  
of your love can set the earth ablaze. Let us drink in the fountain of this  
fertile and infinite goodness, and all the tears will be dried and all the  
pains will be soothed. One single heart, one single thought will rise up  
to You, like a cry of recognition and of love. Like Moses on the  
mountain, we await You with open arms, oh Power, oh Goodness, oh  
Beauty, oh Perfection, and we want, in some way, to deserve Your  
infinite mercy! God, give us the strength to help our progress that in the  
end we may rise up to You. Give us pure Charity, give us Faith and  
Reason. Give us the simplicity that will make our souls the mirror  
where Your image must be reflected. Amen

### **Pai Nosso**

Pai nosso, que estais no céu,  
Santificado seja o vosso nome.  
Vamos nós ao Vosso reino;  
Seja feita a vossa vontade,  
Assim na terra como no céu.  
O pão nosso de cada dia nos dai hoje, Senhor.  
Perdoai as nossas dívidas,  
Assim como nós perdoamos os nossos devedores.  
E não nos deixeis, Senhor, cair em tentação,  
Mas livrai-nos e defendei-nos Senhor, de todo mal.  
Amém.  
Jesus, Maria, e José.

### **Our Father**

Our father who art in heaven,  
Hallowed be thy name.  
Let us go into Thy kingdom.  
Thy will be done  
On earth as it is in heaven.  
Give us this day our daily bread, lord.  
Forgive us our debts  
As we forgive our debtors.  
Let us not fall, lord, into temptation,  
But deliver us and defend us, lord from all evil.  
Amen. Jesus, Mary, and Joseph.

### **Ave Maria**

Ave Maria, cheia de graça. O Senhor é convosco.  
Bendita sois Vós entre as mulheres.  
Bendito é o fruto do Vosso ventre, Jesus.  
Santa Maria, Mãe de Deus, rogai a Deus por nós pecadores,  
Agora e na hora da nossa morte.  
Amém. Jesus, Maria, e José.

### **Hail Mary**

Hail Mary, full of grace, the Lord is with Thee.  
Blessed art thou amongst women!  
Blessed is the fruit of thy womb, Jesus.  
Holy Mary, mother of God, pray to God for us sinners,  
now and at the hour of our death.  
Amen. Jesus, Mary, and Joseph.

All of creation is conspiring to shower us with blessings. Life is crazily in love with us—bravely, forever and ever, amen. The universe always gives us exactly what we need, exactly when we need it. The winds and the tides are on our side, forever and ever, amen. The fire and the rain are scheming to steal our impossible dreams. The sun and the moon and the stars remember our real names, and our ancestors pray for us while we're dreaming. We have guardian angels and duchesses with designs to unleash us, helpers and saviors we can't even imagine, brothers and sisters who want us to blossom. Thanks to them, from whom the blissful blessings flow, we are walking up hills and down, we are walking up.

The Gayatri mantra is one of the oldest of the divine hymns. It is said that the Gayatri mantra is the essence of all mantras. Just as all the rivers merge in the oceans, all mantras unite in the Gayatri mantra. The arrangement of the twenty-four seed syllables in the Gayatri mantra is the most wondrous and mysterious. The chanting of this mantra helps to develop nāda, a regular subtle vibration in the nerves of the subtle body. The repetition of this mantra with right understanding of its sacred meaning has the power to dispel negative tendencies in the human mind and thereby unfold the Supreme Self within.

## GANESH

Ganesha is the son of Shiva. The archetype here is the image of a large elephant moving through the jungle path clearing the way before it with its long trunk. Ganesha is the Eastern symbol of St. Michael. As St.

Michael cuts the illusion with his sword of Truth and discernment, Ganesh cuts with the trunk. It is common to call Ganesh to open the path, to clear the way, for new beginnings; for luck and auspiciousness. Just as Ganesha or *Ganapate* is known as ‘the remover of obstacles’ or ‘the remover of sorrows’ he is also known for benevolent compassion and sweetness. Sometimes, it is said that Ganesha will put obstacles in front of us too, so that we remember our path.

The teaching here:

- What is in the way *is the way*-
- The only way out is *through*-
- When the work is hard, those who have practiced shine-
- Do it with sweetness-

## SHIVA

Śiva, Bholenath, Mahadeva the Great Presence is the representation and realisation of the unmanifest reality; the transcendental aspect of the eternal qualities of Truth: Stillness, Silence, Spaciousness. Before everything Shiva was, after it all Shiva is. Shiva is the *King of Yogis* and the stream from which the perennial teaching of Yoga flows.

One aspect of Shiva is within the 'Holy Trinity' of Hinduism along with Brahma (the aspect of creation), Vishnu (the aspect of sustaining) and Shiva who reflects the aspect of transformation, destruction and a recycling of the universal process. This is a great force in the Universe and demands our respect, our honour, our awe and willingness to surrender, because, sooner or later we all will face the Truth. No one is exempt from the process of life. Yet, with contemplation and embodiment of Shiva one will come to the wisdom of their own eternal nature which is not separate, but interdependent and One.

**The Eternal Nature not being separate is therefore not just in all things, it is all things. Its center is everywhere.**

Sing Shiva now as the Divine Presence that permeats the heart of all life and all beings always and everywhere, Here, Now and ever after.

(Shankara)

I am not mind, not intellect, not ego, not thought.  
I am not the ears, tongue, nose or the eyes, or what they witness,  
    I am neither earth, nor sky, nor air, nor light.  
        I am knowledge and bliss.  
            I am Shiva! I am Shiva!  
I am not the breath of prana, nor its five currents.  
I am not the seven elements, nor the five organs,  
    Nor am I the voice or hands or anything that acts.  
        I am knowledge and bliss!  
            I am Shiva! I am Shiva!  
I have no hatred or preference,  
    neither greed nor desire nor delusion.  
Pride, conflict, jealousy —these have no part of me.  
Nothing do I own, nothing do I seek,  
    Not even liberation itself.  
        I am knowledge and bliss.  
            I am Shiva! I am Shiva!  
I know neither virtue nor vice, neither pleasure nor pain.  
I know no sacred chants, no holy places,  
    no scriptures, no rituals.  
I know neither the taste nor the taster.  
    I am knowledge and bliss.  
        I am Shiva! I am Shiva!  
I fear not death. I doubt neither my being nor my place.  
I have no father or mother; I am unborn.  
    I have no relatives, no friends.  
        I have no guru and no devotees.  
I am knowledge and bliss. I am Shiva! I am Shiva!  
    Free from doubt, I am formless.  
        With knowledge, in knowledge,  
I am everywhere, beyond perception.  
    I am always the same.  
        Not free, not trapped—I am.  
            I am knowledge and bliss.  
                I am Shiva! I am Shiva!  
Truly, I am Shiva, pure awareness.  
    Shivo Ham! Shivo Ham!

## SHAKTI (Divine Mother/Goddess)

Maha Devi, the Great Mother, Mother of God, Mother of the Universe, Mother of us all comes in many forms: Mary, Isis, Durga, Saraswati, Kuan Yin, Pachamama, Mother Nature. Although she wears many different dresses, do not be fooled by outfits. The Divine Mother is easily recognizable in all our human dynamics and is a key figure in our development of Western Psychology. Call to mind the

Love of a Mother for her child. In the ideal it is pure, it is unconditional, it is nature. Now, call to mind the Love of a child for its mother. It is deep, emotive and primal; it is an ancient, nurturing and life-giving force. The mother undergoes the greatest sacrifice, surrender and offering in the process of Birth. From the months of pregnancy to the deepest labour of Love which is *labour* and it doesn't end there, the Mother keeps on giving. She teaches us selflessness, kindness, compassion. And yet, She has a fierce side, a 'tough love'; natural disasters and chaos. Fall into fierce love and rise in its torrents. Let it teach you to find harmony and a home even when things seem hard. Call on the Mother as a small child, lost in a bustling shopping mall, calls for its parent. With deep emotion, with your inner child, for when the child calls, demands, is afraid and declaring help to end that fear... the Mother comes.

She comes to all her children. She has never left; we have just for a moment turned our back.

---

*An Indian poet once said:  
“Do not invoke the name Kali if you wish for things to remain the same”  
Let us now call this force, full of heart, to help us find the truth of our eternal path.*

## KRSNA

Krishna, Gopala, Govinda, Vasudevaya – The Dark One (Because of his dark and blue skin) and Hari – The Shinning One, are all names for the earthly aspect and incarnation of Vishnu as Sri Krsna. Krisna is seen to be the embodiment of the divine qualities of Love on Earth. In the Bhagavad Gita, Krishna is revealed as not just an incarnation, rather, an all pervasive force that has come to guide humanity through the teachings of Yoga; Bhakti, Jnana and Karma Yoga. He gives us some of the first grounded teachings of Yoga in action. To perform ones wordly duties, which although we may realize heavenly qualities we still must act in this world, develop morality and make choices. He offers that our decisions be made selflessly with the Eternal Nature ever in mind. The Bhagavad Gita declares, “We have the right to work but not to the fruits of our work”, this is something to be understood. That all we have has been given and all we own, we truly do not. Just on loan. Just being borrowed. We are here for a short time building our homes on the shore of the sea at low tide – soon waves will come. Let us not waste our time with an idle mind but turn it inward, upward & Godward and remember, remember, remember **the Gift of Grace is the Play of Life.** In this sense Krsna is the *Lila* the Divine Drama, Gods Game, the Dance where we come to see as Shakespeare shared: “*The whole world is a stage and we are the actors*”.

In the deep, the deep of your heart  
A bird is singing a song

In the Wind, in the Forest  
To the Moon I belong

**211. Hummingbird in the Forest** (*Adrian Freedman*)

Santo Daime you show me your beauty  
Your power your light  
These flowers call the Hummingbird

Hummingbird in the Forest  
With your Light of Love  
Hummingbird in the Forest  
With your Light of Love

Santo Daime in me in you  
This beauty this truth  
These flowers call the Hummingbird

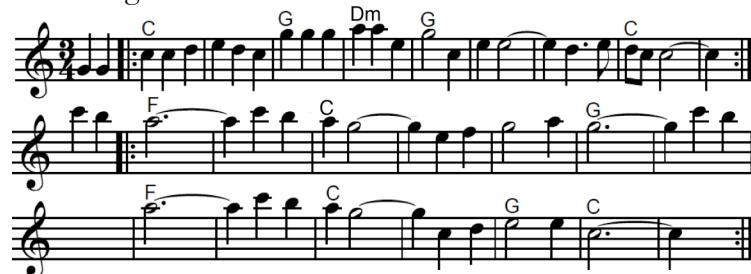

Hummingbird in the Forest...

**212. The Healing** (*Adrian Freedman*)

Wake up those who are sleeping  
Wake up those who are dreaming  
To be here in this moment

To be present in this healing

Hear the bells, the bells are ringing  
Hear the angels in Heaven singing  
And be here in this moment  
To be present in this healing

From the Sun the Moon and the Stars  
Receive the light inside your heart  
And be here in this moment  
To be present in this healing

Feel the love inside your heart  
Illuminating in the dark  
And be here in this moment  
To be present in this healing

Let your heart heal and be whole  
With forgiveness in your soul  
And be here in this moment  
To be present in your healing

And receive this message from me

Oh return to the place you come from  
Oh return once and for all to me  
Oh return to the place you come from  
Where you live Eternally

There is no one outside of yourself  
Who can tell you what you should believe  
The True One is inside of yourself  
Where you come into communion with me

Now turn to the source of all love  
It is your one and true identity  
When you know that you and I are one  
Then you can let go and let yourself be

There is no one more beloved than you  
Come and look through my eyes then you'll see  
How the love glows in the depth of each heart  
This is the one and true reality

*G* *D/F#* *(4<sup>b</sup>)*  
Beyond the gates, the naked Truth  
*Em*  
Whole and complete, I give all of me...  
*C*  
To all of you...

Beyond the names, beyond the form  
Beyond the all... that we've ever known

Lift the veil, there's no one there  
One voice singing  
Eternally

Here It Is,  
It Is Here  
It Is This...  
This Is It

No more fear, clear skies tonight  
The holy way, the way of the Divine

Dive right in, leave the shore  
There's nothing to hold on to  
Anymore...

| *Here It Is*

Remember now what you cannot forget  
This sacred kiss, the call  
Of the Mystics...

From dust to dust  
Its time to trust  
Your sweet surrender

### 230. On Our Way (*Jayānanda*)

El camino de rojo  
El camino de paz  
El camino de luz  
El camino del amor

| We're on our way

On the road that we walk upon  
Carrying our courage strong  
With humbled hearts and open hands  
To work for the goodness of this land

We enter in from the great beyond  
To rise like the fire of the morning sun  
And remember the beauty way  
To choose love day by day

El camino...

We're on our way to return again  
To the moment we're we've always been  
Breathing a breath, a life a prayer  
For the sweet air that we all share

Because, I believe, oh yes, I believe  
There's a seed in the heart of every being  
That could grow the deepest roots  
The tallest leaves and fruit for all to eat  
To feed a family

El camino...

Even if all my singing strings

Would simply come undone

Even if the race we'e racing

Is already won

I would still tell this secret

Openly to everyone

And that is that

All roads lead to love

All roads lead us there in the end

O' love oh love take me home again

| Now I know that you could go

And I would not lose a thing

| I see you in my dreams (We all make it in the end)

Where Wisdom says I'm nothing  
Love (she) says that I'm everything

And, between the two my life shall flow  
On and on and so it goes... Let it go  
Let it go and it shall grow as the shore to the sea shall flow  
And then dissolve... into One...

All the rivers swim to the sea  
and the destiny of you and me  
All the rivers swim! to the sea  
and the destiny of you and me

The ways of its mystery that I  
May be just what I am

## 262. Gold (*Jayānanda*)

*C Em7 C Em*  
Through the stars again we spin  
*Am Fmaj7 Gmaj7*  
On this earth so warm and round  
On the wings of song the bird of love  
Flys on and on and on  
  
If the flowers of this world  
Could ever be enough  
Forever we would turn our heads to the sky  
And laugh

All we've ever ever known  
Is over before we even know  
In the blink of an eye behold  
This beautiful world (is truly... made of gold)

### 263. Life (*Jayānanda*)

*fmaj7*      *C*      *G*      *Am*      (2<sup>nd</sup>)

Look how far we've come  
On this journey around the sun  
Shining over our way  
To be here and look to this day

For we've been given life  
A chance to love  
To give and forgive and receive these things  
To live and to love and to be set free

All of our lives we have worked for this love  
To be here and sing with the breath in our lungs  
And all of the ways we have looked to this day  
To awaken and see life's mystery  
Awaken and see life's mystery

We've been given life  
A chance to love  
To give and forgive and receive these things  
To live and to love and to be set free

With the dawning of the sun  
A new day has begun  
So open your eyes my dear child  
Open your eyes and be all that you be  
Open your eyes and see

That we've been given life  
A chance to love  
To give and forgive and receive these things  
To live and to love and to be set free

## 264. If you Could See (*Jayānanda*)

Where love can never hide  
From the joys of this life

If you could see who you are  
You would shine like a thousand stars  
In the space of the grace  
That lives in every heart

Truth is your true name  
And the reason why you came here  
& Now is the time to open wide  
And embrace the One that we all came from

If you could see who you are  
You would spread your wings and soar  
Into the sky  
To shine your light

*Em* Shine your light

On the search for the Sacred Truth  
To be with trust and not to fear  
Allowing all illusions to disappear

Coming from the Divine...

Great Spirit, I have had it  
*Em*

Way of weaving  
*C/G*  
Through the damage

Mindful, stay mindful

Great Spirit, for my sisters  
Let me be a flowing river  
Flood the banks,  
The rocks that bind her  
Carry, I'll carry

| Great, Great Spirit...

Great Spirit, for my brothers  
Let me be a mountain under  
Which he climbs to discover  
His process,  
Now that's progress

Great Spirit, all that hinders  
Tie reminders to my fingers  
I must speak with you more often

*Great, Great Spirit...*

*Great, Great Spirit*

Great Spirit, for my relations  
Give them strength  
To face racism  
In every single situation  
Easy now, go on speak loud

Great Spirit, take me Instead  
Guide me down the road of red  
Tunkashila,  
I am singing, praying,

| *Great, Great Spirit...*

| *Tunkashila.... Tunkashila*

Great Spirit, this storm collapse  
Nothing but the earth will last  
And I'll be singing sweetly into The  
darkness  
Now hark this:

Great spirit on my tongue  
Be still, be still  
The time will come  
When everyone will sing  
All life is sacred... while I'm waiting  
Great spirit, my fist is up  
Bringing the power to the people  
You're the reflection of us  
Some of your people can't hear it  
The cries of the earth  
Some of your people can't feel it  
The way that it hurts  
And it hurts, Great Spirit  
And it moves, Great Spirit  
Interconnected in the wreckage  
Of a paradigm on  
Its way out, its way out  
Speakin' a spiritual lyrical testimony  
A spirited lyricist weavin' around  
false prophesies  
Spirit directed and selected  
With the message I bring  
While the ship slowly sinks  
I've been directed to sing  
I'm like a wreckin' ball breakin' down  
the walls of the past  
A minimalist livin' on bliss with the  
last of my cash  
You're gonna be justified with how  
you treated the land  
You're gonna be by my side  
When I stand and demand a change..

|| Larala lararai lairai larai...

All that I am, all that we are  
*D<sub>m</sub>*    *F*    *G*  
Shining in love like an infinite star  
One with the all, all becomes one  
All has been here since creation begun  
  
Break down the walls of illusion and fear  
Seek for the truth and the truth shall appear  
All that I am, all becomes one  
Shining in love like the infinite Sun

*F*                      *G*  
All are one light the way  
I receive of the love that you are giving  
And there's no other way  
All are one is the essence of living

Larala lararai lairai larai...

*A<sub>m</sub>*    *E<sub>m</sub>*    *F*    *G*  
So follow the pathway that lies were you go  
Look for the truth in the things that you know  
Seek for Jah wisdom so high and so pure  
Carry it with you through all you endure

All that I am, all that we are...

All are one light the way  
Shine every night every day that I'm living  
And there's no other way  
All are one is the way of forgiving

All are one light the way  
I receive of the love that you are giving  
And there's no other way  
All are one is the essence of living

## 291. I Sense Your Presence (*Shimshai*)

*Am*                    *Dm*                    (5<sup>th</sup>)

Om Shabat Shalom

*Em*                    *Am*

Holy way of the most high

Om Shabat Shalom

I sense Your Presence

I am the Light, within your Soul  
In the Essence of Truth and Right  
Love makes the Circle whole  
And here we stand in line  
Waiting for some Sacred Sign  
But to find the balance Is the purpose of this time  
To restore the balance  
Of the Universal Mind

And in the Presence of  
My Lord of Light and Love  
Everything I see aspiring to be Free  
And when I call to Thee  
And come on bended knee  
Surrender to the all pervading Light and Love  
Reflections of the One surrounding me with Love

*I sense Your presence, I sense Your presence*

Within and Without, Above and Below  
East West North and South  
I sense Your Presence, I sense your Presence

*And in the Presence of...*

For to find the Balance is the Purpose of this time  
To Restore the Balance of the Universal Mind

*I sense Your Presence, I sense Your Presence*

*Om Shabat Shalom...*

**292. If I Could** (*Shimshai & Tina Malia*)

*D C G*  
If I could show you the way  
I would shine like the Sun in your  
If I could find the words to say  
The way I feel is beyond me sometimes

Nanana Nanana-nana-nananana

**293. Pure** (*Shimshai*)

*C G Am F7 C (5<sup>nd</sup>)*  
Pure, Pure like the water, let it run forever more  
*G Am F7*  
To be clean, clean as the waves come crashing to the shore, it leaves me...  
*C G Am F7*  
Smooth, smooth as a pebble, polished in the depth of love and...  
*C G Am F7 C*  
Carried by the winds of grace, on the wings of a dove

*C G Am F7 C*  
So shine, shine as a diamond, projects the light of One  
*G Am F7 C*  
From the source we are sent through the center, as the moon reflects the sun  
*G Am F7*  
Arise and awake from you slumber, kindle the ancient flame  
*C G Am*  
As witness to the waves of what's to change,  
*F7 C*  
though the essence remains the same

All lies and games. All fades away  
All lies within. All finds away

Puro, Puro como el agua, que siga su fluir  
Para estar limpia cuando llegan las olas a la costa del mar, me dejan  
Suavecito como la piedra, pulida en el fondo del amor  
Y llevada por el viento de gracia, en las alas de una palomita

Brilla, brilla como diamante, que proyecta la luz de Dios  
Que nos mandó del origen hacia el centro, como la luna refleja al sol  
Despiértate de tu sueño, encienda el fuego antiguo  
Y observar lo que va a cambiar,  
Aunque la esencia que queda es la misma

#### **294. Forgiveness (*Shimshai*)**

*Am G Am G (3<sup>rd</sup>)*

Through forgiveness, comes true vision

With this acceptance, we are forgiven

As you behold, this reflection

*Am G F G*

See its extension encircle us all

Allah, Hu Allah, Il Allah, Shakur Allah

Born of thy breath and beginning to see

That you are the essence of all we receive

As we discover and learn to believe

That what is forever will always be

So one to another we give and receive

As love is eternal, in turn we believe

To pray for this life and to where we are from

One with the journey through what we've become

So pray for forgiveness for what we have done

Pray for the journey, return to the One

Allah, Hu Allah, Il Allah, Shakur Allah

Allah, Hu Allah, Il Allah, La Ilaha Il Allah

#### **295. Round (*Rainer*)**

*Am (Em)*

And find your way

Find your dream

And go

To free your life

Free your soul

And go

To dance with me

Into the moon and go

**299. Flower of Light** (*Nick Barber*)

*C (b) Am G*  
Sometimes the road is lonely and the way is hard to find  
And you can fall into confusion, led by shadows in your mind  
But as you wander in the darkness  
And try to find your way back home  
Remember there's a light that shines  
And that you'll never be alone

*G C (b) Am D<sub>m</sub>*  
And even if you've broken your vows a thousand times  
Come home again to the arms of the one who waits  
In the stillness of the center...  
Gentle heart, flower of light  
Through eternity, we will be together

Sometimes the road is joyful and you meet friends along the way  
And you laugh and sing the songs of joy, to pass the lazy days  
But as you're playing in the garden, keep your heart fixed on the goal  
Remember there's a light that shines, and forever calls you home

And even if you've broken...

### 300. Circle Song (*Nick Barber*)

*G C (3<sup>rd</sup>)*  
Angel Heart  
*Am G C*  
Is this another ending or a start?  
*Am G C B Am*  
Is there any way that they could be apart?  
In the end... We come full circle again

Gentle Soul  
You know each daily trouble takes its toll  
But every silver lining has a seam of gold  
In the end... We come full circle again

Angel Heart  
Never be afraid to face the dark  
If you are you'll never let the healing start  
In the end... We come full circle again

Gentle Soul  
Never be afraid to face the goal  
Don't you know the light you see  
Is your own soul?  
In the end... We come full circle again

Special One  
Set your ship to sail into the sun  
And when you finally get there  
You'll have just begun  
In the end...

We come full circle again

### 301. Heart's Mystery (*Nick Barber*)

*Dm*                            *C*                            *(3rd)*  
When you let go of fear  
*Dm*  
The truth will appear  
*C*  
So simple and clear

*Fmaj7*                            *C*  
There's a feeling inside  
*Fmaj7*  
So deep and so wide  
*C*  
So open and free

*Fmaj7*                            *C*  
When love is revealed  
*Fmaj7*  
All beings are healed  
*C*  
So naturally

*When you let go of fear...*

Let your light show the way  
Forever to stay  
In the circle of friends

Let your heart be your guide  
To lead you inside  
Where love never ends

*When you let go of fear...*

And when love overflows  
You can only let go  
And be swept out to sea

This journey will end  
Where it started my friend  
In the heart's mystery.

For the dance you are dancing, is all in your mind  
There's no beginning and there is never an ending  
Within this illusion, we're all just pretending

And the dream that I'm dreaming is all my creation  
Infinite one-song, remember what's true  
There is nobody here, no me, and no you

*Am G F*

No longing for love, no sweet pain

*C Fmaj7 C Fmaj7*

No voice I hear in the still of the night

*Am G F*

Just an empty heart... full of light

*Am G F*

Resting in emptiness

I tried to name the nameless

I tried hard to understand

When I closed my fist, well of course I missed

There was nothing in my hand

I used to think I knew where I was going

I used to think we had to get somewhere

Now it's enough to watch the river flowing

I've got this empty heart...

### 320. All Is Welcome Here (*Miten & Dera Premal*)

*F*                    *Am*                    *G*                    *Am*  
Broken hearts and broken wings, Bring it all, bring everything  
Bring the song you fear to sing, All is welcome here.  
Even if you broke your vows a thousand times, come anyhow  
Step in to the power of now. All is welcome here.

*G C G F Am G C G F (Am G)*  
Lai lilarai larai Lai lilarai larai Lai lilarai larai

I see the father and the sun reunited here they come  
They're are dancing to the sacred drum,  
They know they are welcome here

I see the Shepherd and the mighty priest,  
I see the beauty and the beast  
We're singing I have been released and I am welcome here

*Lai lilarai larai...*

I stood alone at the gate-less gate , too drunk on love to hesitate  
To the winds I cast my fate and the remnants of my fear  
I took a deep breath... and I leapt and I woke as if I never slept  
Tears of gratitude I wept, I was welcome here

*Lai lilarai larai...*

So bring your laughter, bring your tears, your busy lives, your careers  
And bring the pain you carried for years, all is welcome here.

Freedom is not so far away,  
But there is only one price we all have to pay  
Live our dreams till they fade away... And let 'em go...  
Live our dreams... and let 'em go...

*Lai lilarai larai...*

All is welcome here, all is welcome here  
All is welcome here and now, here and now...

### 339. Surrender (*Jean Piel*)

*C*  
We could be dead

*Am*                   *G*  
Sooner than we think  
So why should we  
Worry about things?

Maybe what you want  
Is not what you need  
Don't be attached  
To any ideas

Nothing to carry  
Nothing to worry  
We can fly free  
Ever now and here

If I don't try  
I feel I missed it  
If I try to hard  
I struggle with it

|| Surrender... surrender...

And remain free  
Of worries and fears  
Love will show you  
The way how to live

Nothing to attain  
Nowhere to go  
Let yourself be  
Carried by the flow

Life is to be lived  
In peace and harmony  
So just dance through it  
Like a leave in the breeze

No past no future  
Open mind open heart  
Complete attention  
No reservations that is all

|| Surrender... surrender...

|| Surrender... surrender...

**347. This is our World** (*Emma Pickerill*)

*G*

*F*

*C*

Well I found love and I believe in this world  
And we are all good enough to be happy to be here  
And we're all special and unique and young at heart  
We all find forgiveness when we make a new start

My answer to your grace is gratitude  
I feel holy, I feel humble, I feel moved  
Because every moment I encounter  
Is a moment in your arms  
In all your beauty and your bounty  
And your comedy and charm  
You've got a wicked sense of humor  
And an irony and truth  
And I'll keep searching till I've found it  
And I'll have lots of fun en route

This is our world, it's our galaxy, our home  
Our universe for us to ramble and to roam  
There is one love, one everything, one everywhere  
One God of love and many names that we all share

And I name Buddha and Jehovah, I name Krishna, I name Christ  
I name our lady, I name Vishnu, I name Shiva maybe twice  
I name the gods of all the Africans I'll love to understand  
Yemanja, goddess of the sea & lakes of distance lands  
I name the green man and the goddess:  
Maiden, mother, crone  
I tip my glass to Pachamama to make all feelings known  
I smoke a reefer to the Rastas  
Because I must give thanks to Jah  
I'm gonna' sing my song to Allah,  
God is great and we've come far.

This is our world...

### 348. Pilgram (*Enya*)

*G* *D/F#*  
Pilgrim, how you journey  
*Em* *C*  
On the road you chose  
*G* *Em*  
To find out why the winds die  
*G* *D*  
And where the stories go.

*G* *D/F#*  
All days come from one day  
*Em* *C*  
That much you must know,  
*G* *Em*  
You cannot change what's over  
*G* *D* *G*  
But only where you go.

One way leads to diamonds,  
One way leads to gold,  
Another leads you only  
To everything you're told.

In your heart you wonder  
Which of these is true;  
The road that leads to nowhere,  
The road that leads to you... *D/F#*

*Em* *C*  
Will you find the answer  
*D* *G* *D/F#*  
In all you say and do?  
*Em* *C*  
Will you find the answer  
*D*  
In you?  
Each heart is a pilgrim,  
Each one wants to know  
The reason why the winds die  
And where the stories go.

Pilgrim, in your journey  
You may travel far,  
For pilgrim it's a long way  
To find out who you are...

Pilgrim, it's a long way  
To find out who you are...

Pilgrim, it's a long way  
*C* *D* *Gadd9 (xx5435)*  
To find out who you are...

**349. A Hundred Thousand Angels** (*Bliss*)

Do you hear me calling you,  
The voice of a mother and a father and a child.  
Would you recognize the truth,  
Do you feel the love that's falling from my eyes ?  
Take just a minute, come and rest you by my side.  
Let me tell you your own story,  
Let me walk you through your life.  
Only a second, it's all it takes to realise,  
There's a hundred thousand angels by your side  
There's a hundred thousand angels by your side.  
Do you hear me talk to you,  
I whisper through doorways and pathways of your mind.  
Clear like the morning dew and fresh from my journey  
Cross an ocean of blue...  
Take just a minute, come and rest you by my side.  
Let me tell you your own story,  
Let me walk you through your life,  
Only a second it's all it takes to realize,  
There's a hundred thousand angels by your side  
There's a hundred thousand angels here tonight.

**350. Let It Be** (*The Beatles*)

When I find myself in times of trouble  
Mother Mary comes to me  
Speaking words of wisdom, let it be  
  
And in my hour of darkness  
She is standing right in front of me  
Speaking words of wisdom, let it be  
  
Let it be, let it be Let it be, let it be  
Whisper words of wisdom, let it be  
  
And when the broken hearted people  
Living in the world agree,  
There will be an answer, let it be  
For though they may be parted there is  
Still a chance that they will see  
There will be an answer, let it be  
  
Let it be, let it be, Yeah Let it be, let it be  
There will be an answer, let it be  
  
And when the night is cloudy,  
There is –still a light that shines on me,  
Shine on until tomorrow, let it be  
I wake up to the sound of music  
Mother Mary comes to me  
Speaking words of wisdom, let it be  
  
Let it be, let it be Let it be, let it be  
There will be an answer, let it be  
(*Whisper words of wisdom, let it be*)

luego canto a mis cuatro abuelos  
luego canto a mis sueños.

Para que no se apague ese grito  
Que derrama mi sangre en la tierra  
Como el agua transforma la piedra  
Me transforma el amarte.

Cuando el fuego calienta la roca  
Viene el agua y descubre que es aire  
Yo descubro que soy la mirada  
La memoria de un pueblo.

Porque soy un viejo caminante  
Caminando un camino de estrellas  
En la tierra soy un pequeñito  
En el cielo un cometa.

É o Santo Daime  
Para com meu Pai seguir  
  
Se meus irmãos soubessem  
O que é que vem fazer  
Saíam bem limpinhos  
Pois o meu Pai tem poder  
  
Este é o poder  
Esta é a verdade  
Quem não ama com firmeza  
Sempre carrega a maldade  
  
Eu gosto de dizer  
Também gosto de mostrar  
Ta.....Tum  
Veja aonde está  
  
Quem não souber o que é  
Puxa pela consciênci  
Quem ama com lealdade  
Sempre rende obediência

***Here I am receiving***

*Here I am receiving  
For me to distribute  
It is the Holy Daime  
With which to follow my Father*

*If my brothers knew  
What it is and what it's come to do  
They leave very clean  
Because my Father has the power*

*This is the Power  
This is the Truth  
Who does not love with firmness  
Always suffers*

*I like saying  
And also I like showing  
Ta...Tum  
See where it is*

*Who doesn't know what it is  
Examine your conscience  
Who loves with loyalty  
Always brings obedience*

Sou eu um filho de Deus

As estrelas me levaram  
Para correr o mundo inteiro  
Para eu conhecer esta verdade  
Para poder ser verdadeiro

Eu subi serra de espinhos  
Pisando em pontas agudas  
As estrelas me disseram  
No mundo se cura tudo

As estrelas me disseram  
Ouve muito e fala pouco  
Para eu poder compreender  
E conversar com meus  
caboclos

Os caboclos já chegaram  
De braços nus e pés no chão  
Eles trazem remédios bons  
Para curar os cristãos

**The Stars**

*The stars have arrived  
To say your name  
It's me, it's me, it's me  
I am the Son of God*

*The stars have taken me  
To run around the world  
So that I may know the truth  
To be able to be true*

*I climbed a hill of thorns  
Stepping on sharp edges  
The stars have told me*

*Everything in the world can be healed*

*The stars have told me  
Listen a lot and talk less  
So that I can understand  
And talk to my caboclos*

*The caboclos have arrived  
Bare arms and feet on the ground  
They bring good medicines  
To heal the Christians*

Mais puros e atentos  
Nos tornamos canais do infinito  
Mãe divina eu quero ser  
Um filho realizado  
E é perante o seu poder  
Que me entrego pra ser libertado  
Como um rio que corre para o mar  
Correntezas carregam o medo  
Confiança para atravessar  
A fronteira do eu derradeiro  
Não há desculpas para se escorar  
Já foi dito a hora é esta  
O tempo é de se integrar  
Abraçando o que ainda resta  
Estou morrendo para o passado  
E nem anseio pelo futuro  
Minha coroa tem brilho dourado  
Provo o néctar do amor maduro  
Hey ah! Hey ah! Hey ah!  
Laiaaaaaá! Laieá, laieá, laiaá laá!  
Laiê, laiê, laieeeeê!  
Laie, laialaiala...  
Laralaralaiá...

### *Message of the Divine Mother*

*There is a New Era arriving  
Bringing the Glories of the Divine  
More pure and attentive  
We become channels of the infinite*

*Divine Mother I want to be  
A realized son  
And before your power  
I give myself up to be freed*

*Like a river that runs to the sea  
Currents carrying away fear  
With the trust to cross over  
The boundaries of myself*

*No longer can excuses be supported  
The moment is now  
The time of becoming complete  
Embraces that which still remains*

*I am dying for the past  
And I do not even yearn for the future  
My crown has a golden shine  
I prove the nectar of the ripened love*

Ter firmeza e ter amor

Todos pássaros se encantaram  
Entrando em concentração

No terreiro do Beija-Flor  
Todos pássaros se iluminaram  
Cantando a Luz do Resplendor

## 559. El Na Refa Na La

(Am - E - E2 - Am)

| El Na Refa Na La

*I ask the Power of God, please heal her.*

When his sister Miriam is stricken with *tzara'at*, Moses prays a short but effective one-line healing prayer: *לֹה נא רפָא נא אל*, *el na, refa na la* -- "please, God, heal her." This prayer has eleven letters. What can we learn from this?

That it is meant to point us toward the eleven-letter name of God, the name God gives to Moses at the burning bush: *אֵה יְהִי אֵשׁ אֵहֶה*, *elyeh asher ehyeh*, "I will be who I will be." Or "I Am That I Am."
